Instructions for students
# Mobile application

**Step 1.** Download Aeroexam application.

App link for IOS

App link for Android

**Step 2.** Log in and choose your university

Step 3. Add a photo for further authentication

You can change it later – but a few extra steps should be taken

Step 4. Choose an exam and press **"Begin".**

Equipment check will start automatically

Step 5. Do the exam

Step 6. And finish the exam.

Congratulation! You have successfully taken an exam

Attention!

In the **"Settings"** you can change the language, replace the profile photo, and check the equipment

In the **"FAQ"** tab you can see frequently asked questions and find answers to emerging questions and problems with taking the exam
